

Harper Brothers Companies

A Second-Generation Family of Construction Companies Established in 2014

Houston ~ San Antonio ~ Dallas ~ Denver

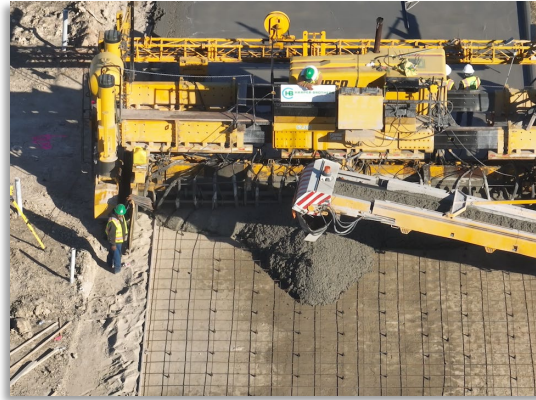

Built to Deliver

- *Founded in 2014, HBC is a full-service heavy construction firm with operations across Texas, New Mexico, and Colorado. Our mobile crews and robust fleet allow us to serve clients nationwide.*
- *Safety is our foundation—we follow strict protocols and continuously improve to ensure every project is delivered safely and efficiently.*

Core Services:

- *Heavy Civil & Transportation*
- *Site Preparation*
- *Water, Sewer & Drainage*
- *Streets & Paving*
- *Bridges & Structures*

Powering Progress with Precision

- *HBU delivers industry-leading dry and wet utility construction services, specializing in Gas, Electric, Telecom, and WS&D. With unmatched expertise in joint trenching, we streamline complex utility installations.*
- *Our teams are dedicated to fostering lasting client relationships through a relentless focus on safety, quality, and reliability.*
- *We partner with EWN, Avetta, and ISN to ensure our crews meet the highest training and compliance standards in the industry.*

Precision Underground Solutions

- *Established in 2019, HB Trenchless supports Harper Brothers Construction with expert execution of large-diameter waterline tunnels and trenchless crossings under railroads, pipelines, and major roadways.*
- *With over 25,000 linear feet installed using pipe jacking, microtunneling, and other advanced methods, HBT operates one of the largest active tunneling fleets in the U.S.—delivering precision, safety, and reliability on every project.*

Built on Safety, Driven by Precision

- *At HB Farmer Foundation, safety is our core value. We follow rigorous protocols and continuously improve to ensure every project is completed safely and incident-free.*
- *Our skilled team leverages advanced equipment and techniques to deliver dependable deep foundation solutions... On Time, On Budget, and to the Highest Standards. We exceed expectations and instill confidence in every stakeholder we serve.*
